FOR SPEAKERS

Speaking soon? Here's how it works.

Everything is on one private page. Nothing to install, no account, and no printing.

1 Open your private link

It's in the email from GenealogySpeaker with the society's name in the subject line. It's just for you, so please don't forward it.

2 Review and sign online

Type your name and check the box. Your signed copy arrives by email.

3 Send your materials

A bio (up to 75 words), a photo, and your handout. Upload a new handout any time.

4 Questions or changes?

Send a message from your page, or reply to any email to reach the coordinator.

Email reminders arrive 14 days, 7 days, and 48 hours before your talk. Need tech support? Send your slide deck 48 hours ahead. Speaking virtually? Your meeting link is emailed to you at least 48 hours before.

Does your society book speakers?

Pass this to your program chair. The other side shows how it works for them.
